ABOUT

IIT ROPAR

The Indian Institute of Technology Ropar (IIT Ropar) is a premier technical institution in India known for excellence in education, research, and innovation. Established in 2008 and located in Rupnagar, Punjab.

With a strong emphasis on interdisciplinary learning and real-world problem solving, IIT Ropar promotes research in emerging areas such as artificial intelligence, energy, healthcare technologies, agritech, defence and sustainable development. Additionally, the institute maintains strong industry linkages and international collaborations, working with global universities, research labs, and leading companies to drive innovation and knowledge exchange.

The institute also nurtures a strong culture of innovation and entrepreneurship, having supported the growth of 450+ startups and building a thriving startup ecosystem that encourages students and researchers to transform ideas into impactful ventures.

ABOUT

TECHNOLOGY BUSINESS INCUBATOR FOUNDATION IIT ROPAR

The Technology Business Incubator Foundation (TBIF) at IIT Ropar, established in 2016, operates under the NIDHI TBI Scheme of the Department of Science & Technology, Government of India. TBIF empowers aspiring entrepreneurs through comprehensive incubation support, including co-working spaces, seed funding, mentorship, and advanced facilities.

Through strategic partnerships and regular workshops on pitching, business planning, and innovation, TBIF nurtures startups and transforms ideas into impactful ventures, contributing to India's entrepreneurial ecosystem and employment generation.

E CELL IIT ROPAR

E-Cell of TBIF (Technology Business Incubation Foundation), IIT Ropar is a non-profit organization managed by a team of students. E-Cell supports budding entrepreneurs by providing co-working space, advanced computing facilities, seed funding, and expert mentorship to incubate promising ventures.

Through annual events like idea pitching competitions, workshops, and speaker sessions, E-Cell cultivates entrepreneurial spirit among students and promotes techno-business as a viable career path. The organization collaborates with Startup Punjab to deliver orientation programs and practical insights, empowering students to transform innovative ideas into successful startups.

WHAT IS

E-SUMMIT

E-Summit at IIT Ropar is the flagship event of the Entrepreneurship Cell (E-Cell), bringing together students, entrepreneurs, investors, and industry experts to promote innovation and entrepreneurial thinking.
The summit includes keynote talks, workshops, competitions, and startup showcases, where experienced professionals share insights and inspire participants. Through events like business plan contests, pitching, and hackathons, E-Summit encourages creativity, teamwork, and real-world problem-solving, fostering a strong startup culture.
