# ABOUT

TECHNOLOGY BUSINESS INCUBATOR FOUNDATION IIT ROPAR

The Technology Business Incubator Foundation (TBIF) at IIT Ropar, established in 2016, operates under the NIDHI TBI Scheme of the Department of Science & Technology, Government of India. TBIF empowers aspiring entrepreneurs through comprehensive incubation support, including co-working spaces, seed funding, mentorship, and advanced facilities.

Through strategic partnerships and regular workshops on pitching, business planning, and innovation, TBIF nurtures startups and transforms ideas into impactful ventures, contributing to India's entrepreneurial ecosystem and employment generation.

E CELL IIT ROPAR

E-Cell of TBIF (Technology Business Incubation Foundation), IIT Ropar is a non-profit organization managed by a team of students. E-Cell supports budding entrepreneurs by providing co-working space, advanced computing facilities, seed funding, and expert mentorship to incubate promising ventures.

Through annual events like idea pitching competitions, workshops, and speaker sessions, E-Cell cultivates entrepreneurial spirit among students and promotes techno-business as a viable career path. The organization collaborates with Startup Punjab to deliver orientation programs and practical insights, empowering students to transform innovative ideas into successful startups.
